❖ Blankets are available to keep you warm and relaxed during each visit

❖ Memory foam neck pillows are available as well as eye masks.

*Is there anything else we can do to make your visit more comfortable?*

## Epworth Sleepiness Scale Form

Instructions: Be as truthful as possible. Read the situation in the first column; select your response from the second column; enter that number in the third column. Total all of the entries in the third column and enter the total in the last box. A score of 10 or greater indicates a possible sleep disorder.

| Situation                                                             | Responses                                                                                                     | Score |
|-----------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------|-------|

**PLEASE REVIEW THE FOLLOWING POLICIES:**  
*INITIAL on each line that you read and understand*

**SCHEDULING**

- \_\_\_\_\_ - If you are unable to keep your reserved time with your doctor, we require **\*\*48 business hours\*\*** notice for schedule changes. This will allow time for another patient to take advantage of the doctor's time. Loss of deposit, late notice fee, or inability to reappoint may occur if the proper notice is not given.
  
- \_\_\_\_\_ - We understand the need for families to attend appointments together and do our best to coordinate request. As we will need to reserve a larger amount of time for family members, you will need to give **\*\*72 business hours\*\*** notice to change reservations. Also, please note, we cannot reschedule multiple visits together on the same day if previous appointments have been broken or not given proper notice. A deposit may be required to reserve times for multiple family members. You may be requested to make a deposit for multiple family members.
  
- \_\_\_\_\_ - A reservation deposit that is applied to your treatment costs will be required when booking procedure time with our providers. Financial arrangements are offered prior to scheduling future treatment, and we encourage patients to be sure to understand procedure cost when scheduling. You may request a copy of the many financial options we are able to offer at any time.
  
- \_\_\_\_\_ - When time is booked for you on our schedule, future confirmation via text or call is required so our doctors and team know to expect you. Not responding to confirmation will risk removal from the schedule.
  
- \_\_\_\_\_ - Please understand the schedule is a living document that can change based on our patients needs or emergencies. There are times you may be notified that your check in time has been modified and if those changes are ever something that cannot be done for us you can simply communicate that to us. Our doctors do appreciate your understanding so they can serve our patients and community the best we are able to.
  
- \_\_\_\_\_ - Our office primarily utilizes digital communication methods to confirm appointments. You may be contacted by text, email, phone, or mail. If you have a contact preference, please advise our scheduling coordinator.
  
- \_\_\_\_\_ - You will receive an invitation by text or email to provide your feedback about your experience in our office. We highly value all feedback, please take a moment to share a response.

**RECORDS**

- \_\_\_\_\_ - We are required by law to maintain all records for our patients and therefore cannot release originals of any x-rays or chart materials. Written consent must be obtained by the patient or guardian prior to the release or transfer of any records to a patient. Digital copies of x-rays are released without charge. Charges are applicable if the information requested falls outside of digital x-ray release, and all fees must be paid prior to the release of materials. Please allow up to 72 hours for processing of record request.
  
- \_\_\_\_\_ - Records for patients are often exchanged with other dental or medical providers, health institutions, insurance companies, etc. as support of patient care. If there would be any restrictions of a specific doctor or organization you would not want your information supplied to, it is your responsibility to advise our office of that request.
  
- \_\_\_\_\_ - If at any time you wish to be inactivated and transfer elsewhere as a patient, payment of account balances are due to complete the inactivation of your account.

**EXPOSURE CONTROL**

- \_\_\_\_\_ - In the event an employee suffers an exposure during your dental treatment, you consent to have blood drawn to provide pertinent medical information for the employee involved. All medical information is kept confidential and will only be provided by the physician to the employee involved as well as you.

## **FINANCIAL**

- \_\_\_\_\_ - Payment is due at the time of service. We accept Cash, Money Orders, Visa, MasterCard, American Express, and Discover. Personal check payments will only be accepted for prepayments of treatment scheduled a minimum of 2 weeks out. All checks must clear prior to the start of treatment. All check writers must have a physical address, not a P.O. Box. A valid photo ID with correct address must be provided. Business checks are not acceptable.
  
- \_\_\_\_\_ - You acknowledge and understand that the information provided to us by the insurance company was supplied with their disclaimer that it is “not a guarantee of payment, and the actual payment may differ.” All treatment costs are an ESTIMATE provided by your insurance company, and additional balances due after insurance payment or denial will be reflected on a billing statement sent to you by our office. Our office is not responsible for insurance decisions. Personal information changes for accurate billing address information is patient responsibility.
  
- \_\_\_\_\_ - Insurance companies have a wide variety of plan limitations, exclusions, downgrades, deductibles, alternate benefits, and non-covered services that our office will not be aware of which can result in patient being financially responsible for services provided if the insurance company provides a lesser payment than they estimated. All charges you incur are your responsibility regardless of the insurance coverage. It is the patient’s responsibility to become familiar with member status, benefits/eligibility, and limitations of their dental plan.
  
- \_\_\_\_\_ - Our office cannot predict, guarantee, or promise what the final decisions your insurance company will make. Once a service is provided, the claim is filed to your insurance company, and we will then follow the information dictated by your insurance EOB response.
  
- \_\_\_\_\_ - Our office institutes a \$10 fee for each visit in our office that is not billable to insurance.
  
- \_\_\_\_\_ - Treatment diagnosed and prescribed by the doctors will be provided as a written treatment plan and signature requested for chart documentation. Not all treatment plans are presented same day and a future treatment plan presentation would be scheduled for you. All treatment fees estimated are valid for 60 days.
  
- \_\_\_\_\_ - Any unpaid balance is the patient’s responsibility; collection action will be taken against outstanding balances as early as 45 days of the date of service. You agree to reimburse us the fees of any collection agency, which may be based on a percentage of a maximum of 35% of the debt, all costs, and expenses, including reasonable attorney’s fees we incur in such collection efforts.
  
- \_\_\_\_\_ - \*Your Social Security Number is required for billing and insurance purposes. If the patient/guardian’s Social Security Number are unable to be provided, payment in full will be requested, and we will assist you in seeking reimbursement from your insurance company.

## **DENTAL INSURANCE AND CLAIM FILING**

- \_\_\_\_\_ - Patients who carry dental insurance understand that all dental services furnished are charged directly to the patient and that he or she is personally responsible for payment of all dental services regardless of dental insurance. The insurance relationship is between you and the employer.
  
- \_\_\_\_\_ - As a courtesy to you we will help you file your dental insurance claim. It is your responsibility to be sure your plan is active at the time of service and coverage is available.
  
- \_\_\_\_\_ - Once an insurance claim is filed, 30 days is requested by your insurance company to process. If payment is denied from the insurance company, an appeal on your behalf will be filed if necessary. You may be required to contact your insurance company to assist our office in obtaining payment on your behalf.
  
- \_\_\_\_\_ - If a claim remains outstanding with no payment after 60 days, it is possible the balance will then be the patient/guardian’s responsibility. Our office would assist you in seeking reimbursement from your insurance.

**PRIMARY AND SECONDARY INSURANCES**

\_\_\_\_\_ - Once insurance information is verified by our office, we are obligated to file primary insurance first and secondary insurance last. It is not a patient’s choice to select which company acts as primary and which acts as secondary. The insurances deem who is primary according to effective dates.

\_\_\_\_\_ - Your treatment estimate will be based off your primary insurance, and co-pays collected are according to your primary insurance. Claims are first sent to your primary insurance, once the patient responsibility has been indicated by the primary, your secondary insurance will be sent a claim. We will submit to your secondary requesting you be reimbursed any portion the secondary plan contributes. In most cases, the secondary company requires proof of primary payment or denial before processing claims. Proper claim filing order will need to proceed to ensure timely payment from your insurance company. Any delay or failure to supply correct information which results in delayed payment will result in patient responsibility from patient.

**HIPPA RELEASE:**

I authorize the release of information including the diagnosis, records, examination rendered to me and claims information. The information may be released to:

1. Name: \_\_\_\_\_ Relationship: \_\_\_\_\_

2. Name: \_\_\_\_\_ Relationship: \_\_\_\_\_

I do **NOT** authorize Frederick Dental Group to release information on my behalf

This will remain in effect until terminated by me in writing.

I attest that the above information I have provided is accurate and true to the best of my knowledge. I have answered all the questions honestly and completely. I understand the doctor is basing his treatment and medications administered based on information provided.

I understand and accept the financial, scheduling, insurance, and office policies listed above. I agree to pay for all treatment in a timely fashion as described to avoid any additional fees. I hereby authorize the release of pertinent medical/dental information to my insurance carrier to facilitate claim filing on my behalf. This order remains in effect until revoked by me in writing. A photocopy of this assignment is to be considered as valid as the original.
